

REMOTE E-ACCESS LABORATORY (REAL) - REMOTE ACCESS TO THIRD YEAR PHYSICS PRACTICALS

Manuel Pumarol-Crestar

School of Physics & Astronomy, Monash University, Melbourne VIC 3800, Australia

Providing remote access to 3rd year physics practicals increases the choices of students to complete their practical work (of importance to students who live a significant distance from the campus, and increasing in importance as students have more demands on their time), provides additional access options for any students with disabilities, and offers the potential to share expensive and sophisticated practicals with other universities.
