

NOTES AND NOTICES

Literature and Aesthetics is now in its second full year of bi-annual production, thanks to the generous support of the University of Sydney Chancellor's Committee. The full notes and notices for the SSLA and ANZALA will henceforth appear in the second issue of each year. Notices of seminars and conferences planned for the coming year will appear in the first issue each year. I'd like to thank Catherine Runcie, Will Christie, Heather Johnson, David Brooks and John Bacon for all their help and support with the SSLA. I'd also like to thank Deborah Walker for her help with ANZALA, the *Australia and New Zealand Association for Literature and Aesthetics*. And for their help with the production of *Literature and Aesthetics* I'd like to thank Melissa McMahon, Kate Griffiths, and Rowanne Couch.
