Elizabeth Bonner's affiliation is:
The University of Sydney

Footnote 1

should read:

I am grateful to the Institute for Advanced Studies in the Humanities at Edinburgh University for a Visiting Fellowship in 1994–95, which was supported with funding from Sydney and London Universities, and where this paper was first presented. It has been revised for publication in this journal. There has been some modernisation of Scottish and English language and translation of French documents and texts, for which I take full responsibility.
